## WELCOME

**WELCOME** to the first-ever Ventura County Education Summit — an unprecedented effort to strengthen existing ties and build new ones between educators and businesses. These connections will help our schools and colleges better prepare students for local careers and increase the pool of qualified applicants ready to meet the workforce needs of Ventura County employers.

In addition to highlighting the many valuable programs and resources that are already in place, today is about listening. We want to hear your ideas for improvement and learn about your needs that are not being met. We thank you for being here today to help ensure a bright and prosperous future for our students and our region.

## LIVE SURVEY QUESTIONS

During the Summit, you'll have the chance to answer survey questions on your cell phone and we'll show the results live on the big screen. To participate, just go to the website [slido.com](https://www.slido.com) and enter the code **vcēs**
